

Safe Work Australia Week 2011

Register of workplace events and activities

Agriculture, forestry and fishing

Organisation	Activity
Department of Agriculture and Food WA	<p>This year DAFWA's theme is noise and hearing - so our offices across the state are encouraging staff that require audiometric testing to do so during October. We also have the following happening:</p> <ul style="list-style-type: none"> - a Word Search for all staff to complete which will raise awareness on our policies and the Code of Practice for noise and hearing. - organised for The Grow Smart Foundation to come to Head Office to conduct ipod noise checks (so staff can see how loud their, or their kids, ipods get too).
Department of Environment and Conservation	<p>Planning on promoting the release of our new Safety Policy during Safe Work Australia Week.</p> <p>Was planning on discussing the new policy with employees with the use of a safety meeting.</p> <p>The availability of posters and other promotional equipment available from Safe Work Australia would also be used to help promote the event.</p>
