

Safe Work Australia Week 2011

Register of workplace events and activities

Electricity, gas, water and waste services

| Organisation | Activity |
|---|---|
| FMC Technologies | Hazard hunt week: We will hold a series of sessions on hazards and the cost to industry, we will then have hazard hunt parties and reward those who can not only spot a hazard but eliminate the hazard. |
| Jemena | "Back to Basics" DVD, and presentation. This is about the application of fundamental rules and processes involved in HV Live line work but equally applicable to all electrical (HV or LV) work. |
| Riverina Water County Council | We are planning a Safety Breakfast for all staff on Tuesday 25th October, 2011. Our theme this year is "You are what you eat". We have a personal trainer who will be coming onsite providing all staff with a presentation on Nutrition and making the healthier food choices. We will have a visual display of food, showing which foods are a better choice to maintain health and fitness. We also have an award presentation on the day for a work team/individual who has developed a safety initiative during the month leading up to the breakfast. |
| WA Gas Networks | Safety activities to involve employees and contractors. Working in a gas cloud, fire extinguisher training for office staff |
| Water Corporation - Geraldton | Phone and video conference to discuss our safety journey in our areas. Office staff wear PPE on the Wednesday, safety communication all week. |
| Water Corporation - Wastewater Head Office | We will be conducting a safety quiz and a dress up themed 'safety clothing throughout the industries, throughout the ages'. |
| Western Power | Occupational stress meeting. |
